

TAIMAKO COMMUNITY DEVELOPMENT INITIATIVE (TCDI)

Expression of interest

Taimako Community Development Initiative (TCDI) is supporting the population with critical WASH and protection services. Communities will be reached with access to safe and sufficient water through rehabilitation of existing non functioning water boreholes and construction of new Solar Powered boreholes, construction of sanitation facilities, and other hygiene promotion activities. Also, TCDI will be providing protection services across the targeted locations.

Applications are invited for:
